Rohan Pasco Yr 3

PRINCIPAL'S REPORT – 2007

Again, this is the time of the year that we collect memories of 2007, which will serve to us as highlights of our year at Dowerin District High School.

At our school students, staff and parents worked together to ensure that all students have had the opportunity to achieve their potential academically and socially. Our focus this year has been on our priorities of Numeracy, Literacy and Interpersonal and Self-Management skills. As a school community we have continued to foster a caring environment where values of; pursuit of excellence, self acceptance and respect of self, respect and concerns for others and their rights and social, civic and environmental responsibility are nurtured.

The 2007 year has provided many highlights in terms of student activities: the sporting carnivals, the CO2 racers, the variety club bash, excursions, assemblies and academic challenges.

My congratulations to all for the hard work, co-operation and enthusiasm throughout the year. In addition, I would like to thank the Parents and Citizens Association and School Executive Committee as their work greatly enhances the effectiveness of the school.

In 2007, we had a most competent and enthusiastic staff. I would like to thank them for their dedication and hard work throughout the year. Sadly, some will leave us at the end of this year and to them we bid a fond farewell and trust that they will remember Dowerin DHS as a highlight of their professional life.

To all students, who will leave the school this year. I wish you all the best for your future endeavours and thank you for your efforts at Dowerin District High School.

Finally, I would like to wish everyone a Merry Christmas and Happy New Year and hope that you have a safe and enjoyable holiday.

Yours sincerely

Shane Cumming

P & C Presidents Report

The Dowerin P&C has had an active year in 2007, with mostly new committee and good turn outs at the meetings. Everyone in the school community has had every opportunity for input.

Some of our projects for the year have been getting Active After Schools running, supporting with manpower the recycling initiative in Dowerin and completing the work at the school for the water wise grant.

Our fundraising year has been successful as well with our major event being the Varsity Club Bash. All the mums, the few dads and some students that were involved with this should be proud with many of the bashers commenting on our hospitality. As well as this we had Field Days hours, and have our school's 100 year celebration coming up in 2008. We are sure we will put these funds to good use in preparing our school for this milestone.

To all students and teachers leaving us at the end of the year, we hope you leave with a piece of the Dowerin community ingrained in you and have success wherever you may be going. To Tracey, Sharon and Kathy, thanks for your support and enthusiasm during the year. I hope everyone has a safe and happy Christmas holiday and I look forward to seeing those returning in early February.

Regards

Jason Sewell

PTA PRIMAVAL and Year Ones

Room One Year One FUN

The Year One Students have had two teachers this year. The k/p/1 grouping meant they came to Room One on Tuesdays and Thursdays and shared Wednesdays with the pre-primaries to have Mrs. Hatwell for French, Mrs. Mac for music and Mr. Main for Phys.Ed. On Monday and Friday they spent their time with Miss Minchin in the Pre-Primary.

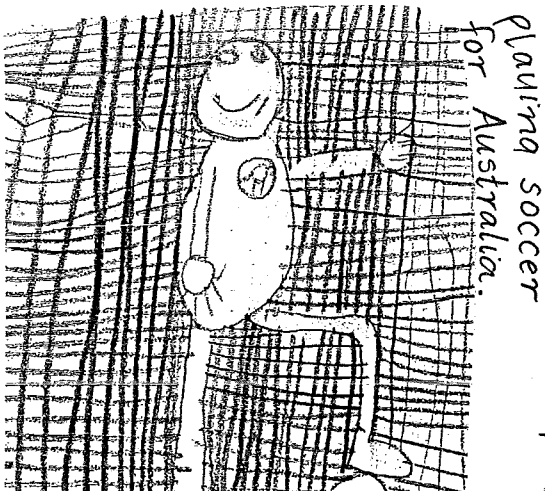

It has been my pleasure to share in this delightful group of children's learning journey and we've had heaps of fun along the way. They proved themselves to be most adaptable as they remembered which day they were in which room-and even took to shifting rooms a few weeks into term!

In Room I we focused on the English and Mathematics Learning Areas with many 'hands on' experiences. On 'E' Day we cooked eggs in lots of different ways and made a book, and after making banana milkshakes we learnt about writing procedures. We designed, made and iced a cup cake for our Mother's Day afternoon tea and the Dads came to school to share sport with Mr. Main and stayed for a sausage sizzle and our D.A.D. biscuits to celebrate Father's Day. When we investigated patterns we planned a fruit kebab using symbols and then made one, repeating our pattern 3 times. Flat Stanley was our first novel and we made our own Flat Stanley to take on an adventure around school.

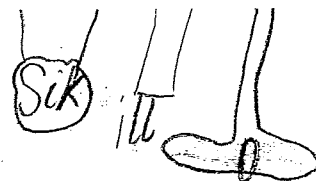

With our own class experts on worms, dinosaurs, rabbits, cows, motor bikes and farming to name just a few, days in Room One are never dull. This vibrant group of children, all with their own distinctive personalities, have made wonderful progress and are all destined to go far. Already, they have their sights set on what they'll be doing after they leave school. I have no doubt each and every one of them will succeed!!

Thank you to them, and their parents, for a most enjoyable and rewarding year,
Mrs. Jenny Miller

AQUA EXCURSION

In February, term one, the year 2/3 class of Dowerin D.H.S. went on excursion to AQUA in Perth. The students had been learning about the sea and this was a very helpful day towards understanding just what you can find... On the day the students split into groups seeing lots of animals along the way, such as sea lions, crocodiles and all types of fish. But the stingrays and sharks were without a doubt the most popular to watch and learn about.

For lunch the students were taken to the park to eat and relax for a while, and then were allowed to have a paddle at the beach. On the trip home all the students (and Mrs Slack) were very exhausted but were very happy. The excursion was a great day with no complications and was very rewarding for all the students.

4/5/6 Excursion

In Term 2, with Miss Heal as our prac teacher, our theme was 'Conservation'. In order for us to gain as much knowledge as possible, we ventured down to AQWA to learn all about ocean conservation.

Damian, Nathan and Zach in Shipwreck Cove

In small groups, we had a wonderful time exploring the different parts to AQWA. We roamed through 'Shipwreck Coast' where we saw the famous sharks and *huge* stingrays, along with other weird and wonderful fish.

'Danger Zone' was another favourite where we saw some of the deadliest

sea creatures and learned how they can harm us.

Brydee and Ellie getting a feel for some of the sea animals.

The 'Perth Coast' had the amazing touch pool where we could get up close and personal to some of our oceans.

We gained lots of interesting information about 'slime' and how the sea animals use it to protect themselves.

We used all the information gained from the day to create fascinating posters in S&E, explaining the dangers faced by different sea creatures and what we can do to help them.

After a busy morning filling our heads with information, we had a relaxing picnic lunch at Hillary's boat Harbour. We then got to work on our co-operations skills (and we soon found out our patience) by playing the 'Wacky Putt-Putt'.

We had a wonderful day and after a 'memorable' bus ride home involving the

truck, we were very exhausted.

Secondary Camp 2007

In the second week of term one the 7-10 students departed from Dowerin District High school to Fremantle where they would be staying at Point Peron Camp school for 5 days, The teachers that went were Mr. Main, Mr. Sharod, Mrs. Hatwell, Miss Parry and Mr. Thomas. Once we all arrived at the camp it was time to unpack and get ready for the afternoon full of fun activities. We arrived at the camps oval where there were lots of stations set up, we then got into our teams then it was game on with each team vs each other.

Day 2 was Going to be a full on day with just so much lined up to do, we needed all the energy we could get so we started of with a yummy breakfast, Then 2 teams went of and did snorkelling with the existing news of spotting a seal, while the other 2 teams went and did some Kayaking in the ocean which was harder than we thought, with some students trying to stand up with didn't end up in a Good result. We all them met under the dinning area where we had some morning tea, after that we swapped over. It was then lunch time so we could all have rest but the activities didn't stop there, after lunch we were all put in teams then given a map of the school where we would have to find pegs all located at different spots around the school. After all of those activities we really needed to boost up our energy so we went back for some lunch. After lunch we all met at the oval where we had a lesson on making our own rafts we then got into our groups, after they were built we carried them to the beach where we all had a race, with some of them falling apart woopss!.

Day 3 was very exciting we had to get up bright and early to arrive in Fremantle at 9:00 we arrived at a museum which used to be a mental institution, 2 groups went of together and learnt about sound which included us looking at old records and even some early day TV's. The other Group arrived in a room which was built like a school room from the 1900's, where we were given olden day names and even got our hands checked for dirt before we entered the classroom. After all our hard work in the class room it was time to leave, we walked in to Fremantle where were to catch a movie, after the movie we all went in groups where we could just have a look around at all the different shops. We all went to Kalis for dinner and had some fish and chips, after we had all finished we had to hurry to the Fremantle prison where were to catch the night tour which was a bit scary for some of us but it was worth the fright.

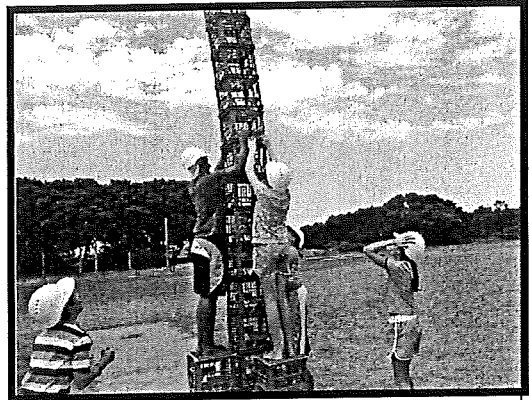

Day 4 we left early to head into Rockingham were we would all have a breakfast on the beach, after all those pancakes we really needed to walk them of so we all headed for a nice long walk down the beach back to the camp. Once we got back we had some free time where you could just relax and lay back. After lunch we were all put in teams then given a map of the school where we would have to find pegs all located at different spots around the school, it was heaps of fun with all of us wanting to win. The day was coming to an end, so we all headed into Rockingham shopping centre where we could shop around and spend some money.

Day 5

We were all up bright and early, so we needed to pack and hit the road. We had one last place to go before we headed home, on the way back to Dowerin we stoped at the Toodyay archery pack where we all went in groups and had a go.

Most Desired Event to Attend: The swimming events at the Beijing Olympics.

Best Party Ever: The Wylie Ball on June 1st because I had lots of fun.

In Ten Years Times: I will be a computer technician.

In the second week of term one, the year 7-10's went on camp to Point Peron. Some of the highlights of camp were going to the Fremantle prison night tour, kayaking, snorkelling and team building. We had our inter-house swimming carnival which was a great success and travelled to Wongan Hills for our interschool swimming carnival a couple of weeks later.

In term two we were lucky enough to get a French exchange student, Vincent Lancrenon, to come to our school. Having Vincent in year 10 meant that our class got to spend a lot of time with him and get to know him well. In term three we had the cross country carnival which we used a new track to what we are used to. Finally in the last term we had the athletics carnivals. The inter-school carnival was held in Kellerberrin instead of Wongan Hills which was a good change.

Throughout the year we have been on many excursions, like the 'Art On The Move' in Ballidu and the year 8-10's went to Cunderdin for a fun day with many other schools. Lately the year 7's went to Adventure World and then a couple of days later the year 8 and 9's went to the movies to watch 'Elizabeth: the Golden Age'.
