Leading Maths Conference in Melbourne

What a great Maths Conference! Miss Huggins, Miss McGregor, Miss Cail and Mrs Petchell flew to Melbourne to learn the effective ways to ensure Maths teaching reflects best practice in our school. They are newly invigorated to make Maths enjoyable and engaging in all classes. Keep your ears open to hear your children talk about how great Maths is!

PS—They wont tell you but I will….they are so passionate about their improvement, they funded their own flights !!

They even managed to enjoy some adventures around Melbourne!

Year 5/6 Kindness

The Year 5/6 class have been doing a 20 Days of Kindness Challenge this term. The students are very excited to see what their task is each day and have done a fantastic job of being KIND. We have written things we are proud of, said thank you to people and made sure our class and school are tidy. On Thursday 17th August we are having a   Kindness Day for the whole school. The whole community will be encouraged to carry out an act of kindness. Will we see you being KIND on Thursday?

3 things we are proud of—

1.
1.that I have all my good standing points still.
2.We are all friends
3.We have lots fun.
David

1. All to go to interschool
. That everyone has tried so hard
. Mrs Garner has done so good for the school
Sarah

1.kindness of the class.
2.the school is clean & tidy
3. Mrs Q & Mrs Petchell

2.

3.

KINDY READINESS

We have had a great start to Kindy Readiness with our small but enthusiastic group—thanks Miss Gerrard for all your help!

Wheatbelt Youth Mentoring Day Camp

On Thursday the 3rd of August students from Year 9 and 10 went to the Swan Valley Adventure Camp for the Wheatbelt Youth Mentoring program. At the Day Camp students learned about resilience as they listened to an Olympian who overcame life's adversities to achieve. All students from Year 8 to 10 have now been allocated a Mentor, and the students are encouraged to check in for advice and support when they need.
