

## FAREWELL MRS AVERY, WELCOME MR SCHULZE

At the end of last term we farewelled Mrs Kylie Avery who is taking leave to enjoy some relaxing before the life-long journey of parenthood begins. We wish Kylie and Stu all the very best for the new arrival who we look forward to meeting in coming months. We are very please to have Mr Luke Schulze join our wonderful staff as the Secondary English teacher. He will also be supporting literacy across the primary school. Mr Schulze is joined by his son, Ezra, and we know everyone will make them feel very welcome—both at school and in the community.

## UNDERCOVER PROGRESS

It was with mixed feelings we returned to school to see very little progress with the building of the undercover area. This was due to a hold-up with the manufacturing of the steel. On the upside, this week students were able to see the trucks arrive and unload, and the crane being used to install the uprights in place—they are HUGE! We aren't sure what the progress will be by the end of this week but there sure is lots of steel to move!

## THANK YOU!

- To the Playgroup and Li'l Tigers for allowing us to use the centre for Kindy Readiness

## LET'S GET READING

This week we will launch the 'Let's Get Reading' initiative. Students will be provided with a Reading Diary with the goal to read on as many nights as possible in Term 3. Those students that read and appropriately record 50 nights or more of reading will be rewarded with a special activity on the last Thursday of term. The challenge will start next week and, with 60 days available, we hope lots of students will reach this target. Children can read to anyone, so long as the Diary is signed by that person and older children may read independently. More details will be sent home with the students this week.

## SCHOOL HOCKEY VISIT

Next Wednesday students from Year 1 to 6 will engage in an incursion to improve their hockey skills. Hockey WA will visit the school as part of their North Wheatbelt Regional Road-show.

## KINDY READINESS

The first day of term was also the first day of Kindy Readiness for 4 eager future students. We practiced our 'kindy legs' when we were sitting, did some dancing, played some games, sang some songs, listened to a story, did some craft and played outside. We are looking forward to some more 'future students' joining us next week at 9.30 at Li'l Tigers.

## WHAT'S ON?

- July 24th Year 8 Excursion to cattle feedlot
- July 27th Kindy Readiness at Li'l Tigers
- July 29th Year 1-6 hockey incursion
